

Japan Trip 2019

Fourteen Year 11 students embarked on a trip of a lifetime to Kyoto Japan!

After flights from Norwich to Amsterdam, then Amsterdam to Osaka, our students were excited to get their first glimpse of Japan.

They visited two primary schools and our sister high school, [Notre Dame Jogakuin](#), where they practised calligraphy, kendo and enjoyed a human sushi show. Students participated in workshops, such as a traditional comedy Kyogen workshop and undertook a Japanese cookery class.

They visited the Eigamura Film Studio and took in a number of old and new sites such as Kiyomizu Temple, Kyoto Station, Kyoto Tower and a Kyoto-based international electronics company.

This year students also experienced life in the countryside, in Yamaguchi prefecture, by spending the weekend with a Japanese host family. All had an excellent time, enjoying the amazing food, making friends and practising their Japanese!
