- 1.) Populate your timetable with time in, and travelling to and from school.
- 2.) Then include activities you always do. For example, sports/music club, favourite TV programmes, babysitting etc.
- 3.) With the remaining blanks, plan your revision schedule and stick to it.
- 4.) Saturday and Sunday should be treated like a school day. Aim for 5 revision sessions (30-45 minutes depending on your concentration) around your other activities each day.
- 5.) Consider learning key quotes for English, MFL vocabulary and so on if you have a long car, train or bus journey into school.
