

Learning Walks - Student Conversations

Student focused Learning Walks

Some questions to consider asking students when seeing students learning in the classroom / lab or studio.
This seeks to support the teaching and learning and to understand further the students' attitudes to learning.

- i. What are you learning today?
- ii. Are you finding the work challenging / too challenging or about the right level?
- iii. Show me where you have acted on feedback.
- iv. What is going well / less well with your work in the subject?
- v. What do you need to do to improve? Targets?

- vi. Were they engaged? Showing good effort?
- vii. Is student book / folder well-organised / presented?
