

SURREY ST., NORWICH, NRI 3PB

What is covered in A level Mathematics?

All of the content in the A level Mathematics qualification is compulsory and is the same for all examination boards.

Pure Mathematics 66%

Statistics 17%

Mechanics 17%

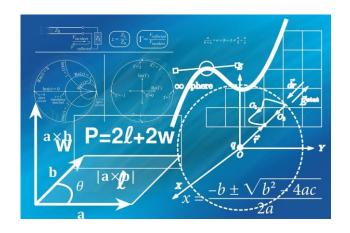

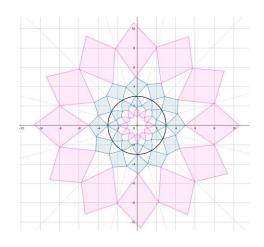

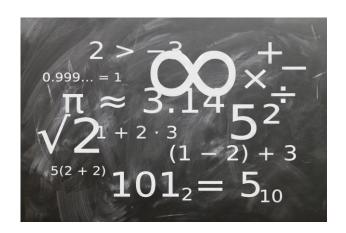

What is Pure Mathematics?

Methods and techniques which underpin the study of all other areas of mathematics, such as, proof, algebra, trigonometry, calculus, and vectors

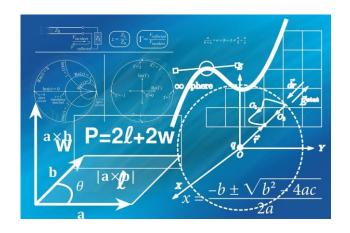

What is Pure Mathematics?

Methods and techniques which underpin the study of all other areas of mathematics, such as, proof, algebra, trigonometry, calculus, and vectors

The points A and B have coordinates (4,-2) and (10,6) respectively.

Find the equation of the circle that has AB as a diameter.

What is Statistics?

Reaching conclusions from data and calculating the likelihood of an event occurring.

What is Statistics?

Reaching conclusions from data and calculating the likelihood of an event occurring.

What is the probability of two '100 year floods' happening within the space of 5 years?

What assumptions have you made?

"The majority of private sector organisations believe the use of data analytics will be the most important factor in increasing growth in UK businesses"

What is Mechanics?

The modelling of the world around us, the motion of objects and the forces acting on them.

Students planning careers in physics or engineering would find mechanics particularly useful.

What is Mechanics?

The modelling of the world around us, the motion of objects and the forces acting on them.

A golfer drives their ball from a tee on horizontal ground so that it has an initial velocity of 50ms⁻¹ at an angle of 40 degrees above the horizontal.

How far down the fairway will the ball land?

A Level Maths course requirements:

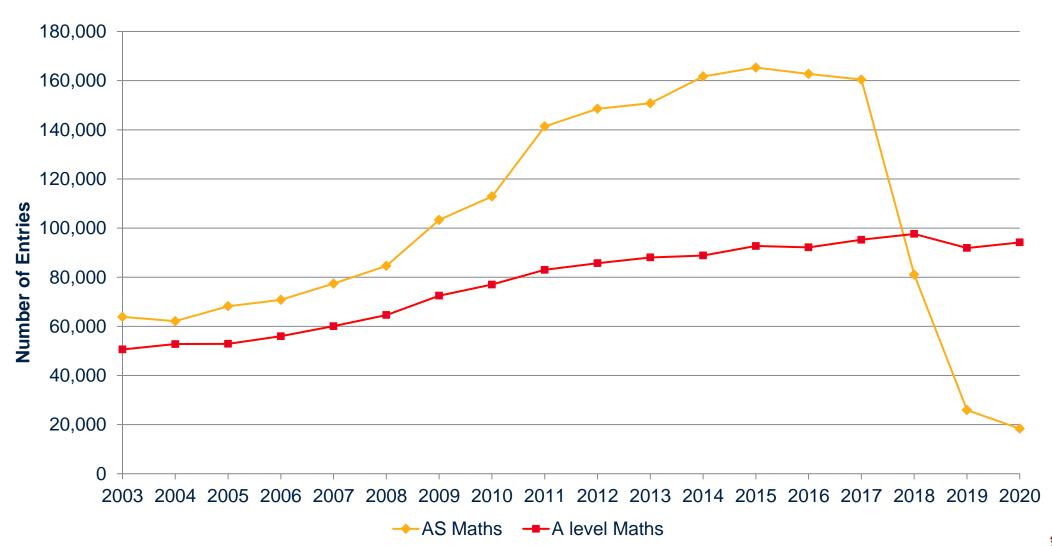

- A minimum of a grade 4 in GCSE English (Language) or GCSE English (Literature), AND
- A minimum total GCSE points score of 39 for the best eight individual GCSE subjects, AND
- A minimum of a grade 6 in GCSE Mathematics

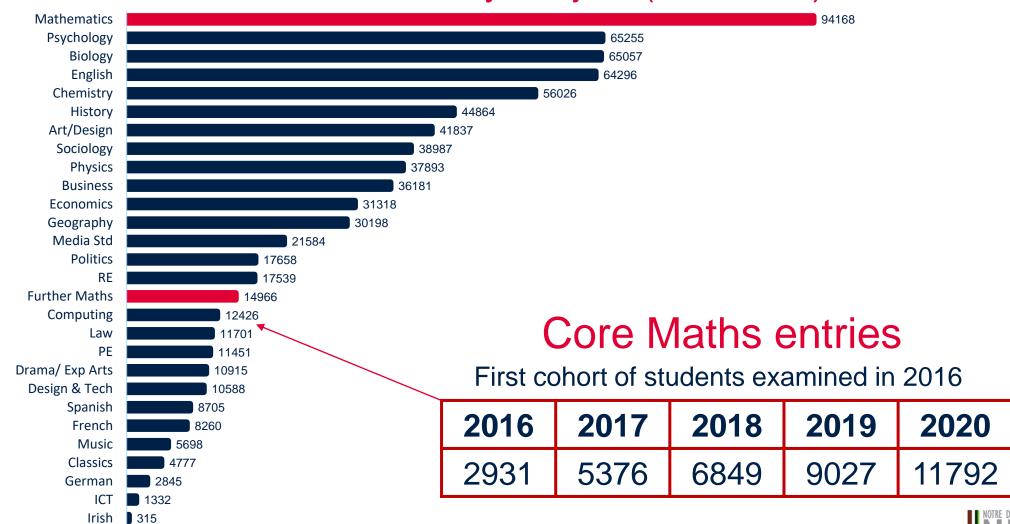

A and AS level Mathematics entries in the UK 2003-2020 (JCQ data)

2020 UK A level entries by subject (JCQ data)

Maths in other A levels

Geography

(no specific percentage but geographical skills include quantitative and qualitative skills equally)

Economics

(at least 20%)

Biology

(at least 10%)

Business

(at least 10%)

Psychology

(at least 10%)

PE

(at least 5%)

Sociology

(no specific percentage but you will be analysing data)

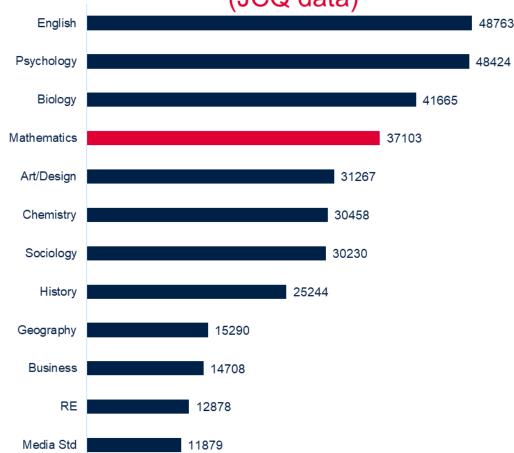

Girls' participation in Mathematics

Top 12 subjects for females in the UK in 2020 (JCQ data)

Maths is the fourth most popular A level for girls.

Parents and carers play a **key** role in positively influencing girls' A level and future career choices towards mathematics in both STEM and non-STEM disciplines

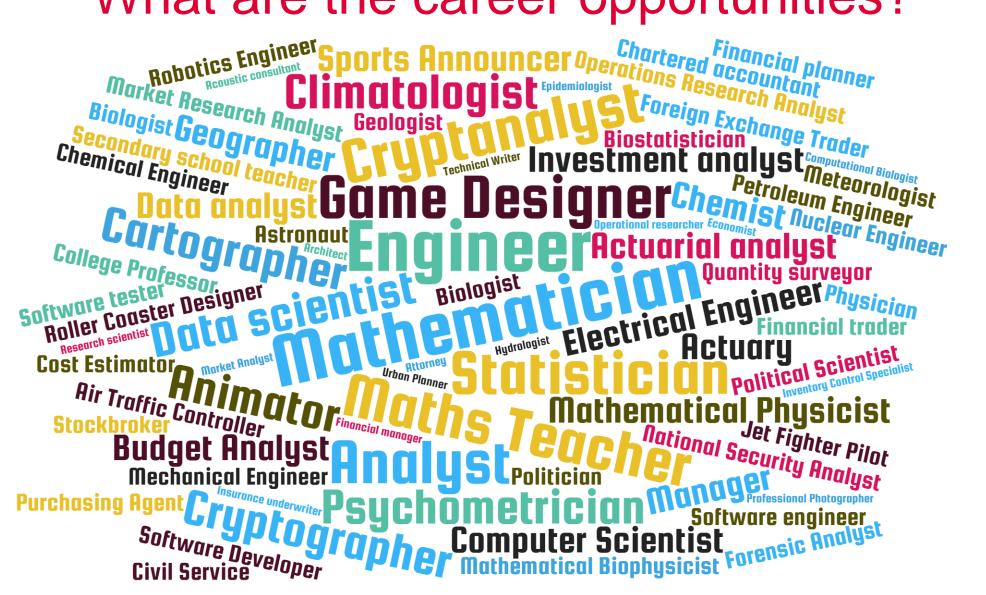

"We are moving, albeit slowly, towards greater gender equilibrium in entries"

What are the career opportunities?

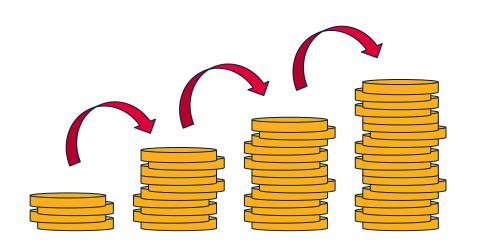

What are the career opportunities?

"...analysis highlights the economic value of good mathematical skills and of higher level qualifications...

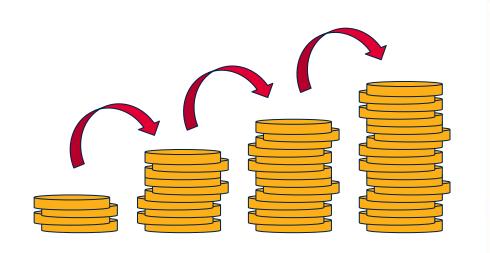

There is compelling evidence of continued wage returns of up to 11% to A level Mathematics."

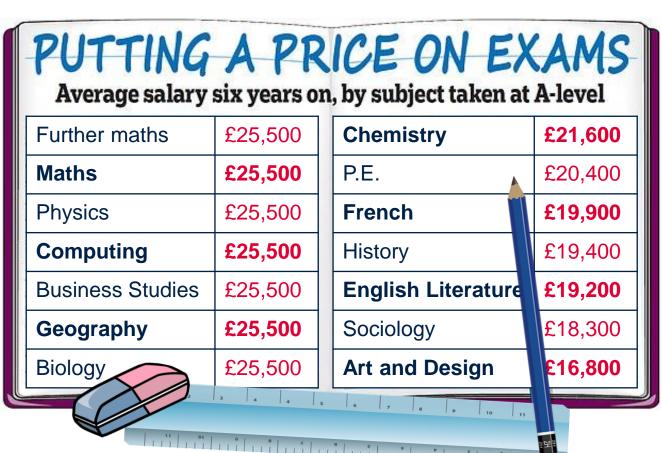

What are the career opportunities?

Is A level Mathematics needed for entry to university degree courses?

It is important to have strong maths skills for progression to many degree courses at university.

Students applying to study a degree in a STEM subject should also consider taking Further Mathematics, to at least AS level, alongside A level Mathematics.

A level Mathematics is also essential or desirable for a wide range of degree courses including economics, computing, social sciences and business.

According to research by UCL, students with an A level in Mathematics are more likely to attend a Russell Group university ...

A level Maths and degree courses

Degree subject category	% of accepted students with A levels who have studied A level Maths (entry 2016)
Mathematics (G1)	100%
Physics (F3)	99%
Chemical, Process and Energy Engineering (H8)	98%
Mechanical Engineering (H3)	93%
Pre-clinical medicine (A1)	75%
Economics (L1)	70%
Computer Science (I1)	57%
Chemistry (F1)	34%

A level Maths opens doors to leading universities

Taking maths at A-level is more helpful for landing a place at a Russell Group university than studying at a grammar or private school, research from University College London's Institute of Education suggests. There is even a maths premium for degree subjects that are not directly related to maths or which require a different skillset, such as languages and humanities.

AAA / A*AB alternatively

AAB / A*BB, including Further Mathematics or

AAB / A*BB, PLUS Grade A in AS level Further Mathematics In all cases, the first grade quoted is the Mathematics A level.

Leeds University 2021 entry

A*A*A - Mathematics, Further Mathematics and one other subject. Also, Grade 1 in STEP II and III.

Cambridge University 2021 entry

CCE including Mathematics (typical offer)

London Metropolitan University 2020 entry

ABB-BBB to include Maths.

Swansea University (Chemical Engineering degree), 2021 entry

AAB including Mathematics and either Physics, Electronics, Further Mathematics or Chemistry.

Manchester University (Electrical & Electronic Engineering degree), 2021 entry

BCC including Mathematics and one other Science at grade C or above.

Northampton University (Mechanical Engineering degree), 2020 entry

AAB - ABB to include Chemistry and one further science subject (from Biology, Human Biology, Physics, Maths, Further Maths, Psychology, Geography or Geology).

Southampton University (Chemistry degree), 2021 entry

ABB-BBB including grade B in Maths.

Reading University (Meteorology and Climate degree), 2021 entry

ABB. One science A level required, two science A levels preferred and may lead to a lower offer. (List of sciences includes Mathematics and Further Mathematics)

Liverpool University (Psychology degree), 2021 entry

A*AA. Applicants must have achieved an A in A level Maths

University of Warwick (Economics degree), 2021 entry

My daughter/son loves maths. How can they be stretched?

Take Further Mathematics at AS or A level.

Tackle problems on the NRICH website.

Study for additional qualifications in mathematics such as STEP, TMUA or the MAT, which are required for entrance to some leading universities to study mathematics.
