

## **Remote Teaching survey: 2021 Spring HT #1**

### **All year groups Parent and Pupil survey – results summary 1<sup>st</sup> Feb 2021**

Remote Teaching for all year groups has now been in operation for over a fortnight. We are keen to get your feedback on how this has been going. Please complete this survey. It is written from a pupil perspective. We ask that pupils complete it sat together with their parents / carers.

To understand how our Remote Teaching is designed, and the reasons for that design, we strongly recommend that you read about it here before completing this survey:

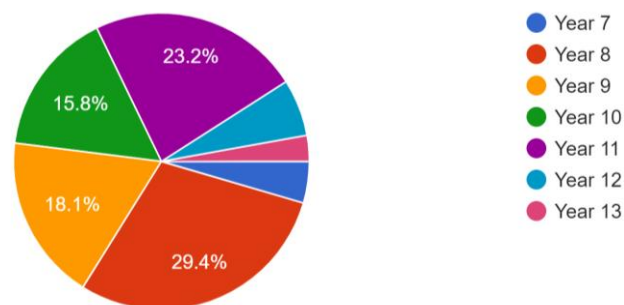

1) the plan: <https://www.ndhs.org.uk/attachments/download.asp?file=436&type=pdf>

2) the rationale for it:

## Questions regarding overall strategy

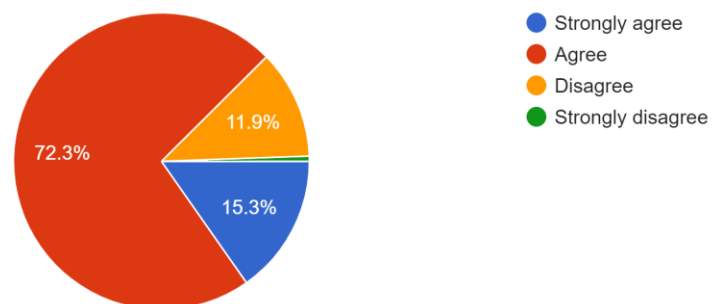

Is the amount of work being set for remote learning the right amount?

177 responses

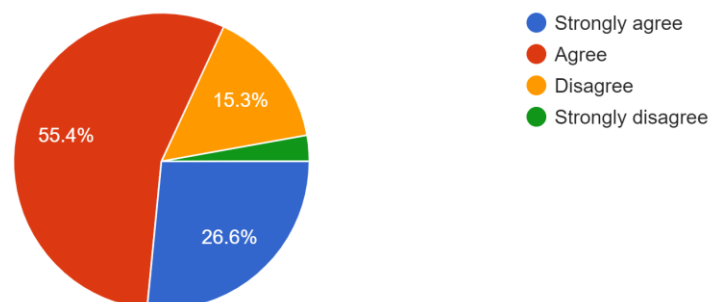

The school's blend of live sessions and google classroom set activities gives me the degree of flexibility I need, whilst working at home

177 responses

I am managing my working week by following my school timetable as of I were in school, as recommended by the school

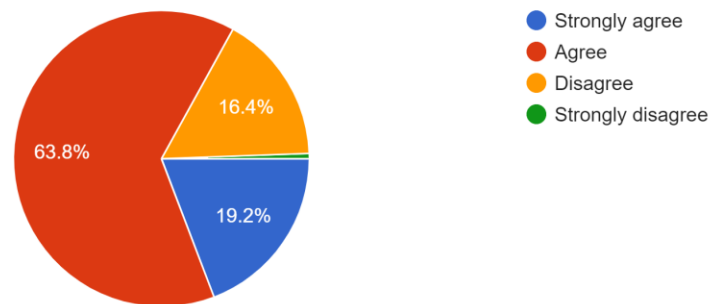

177 responses

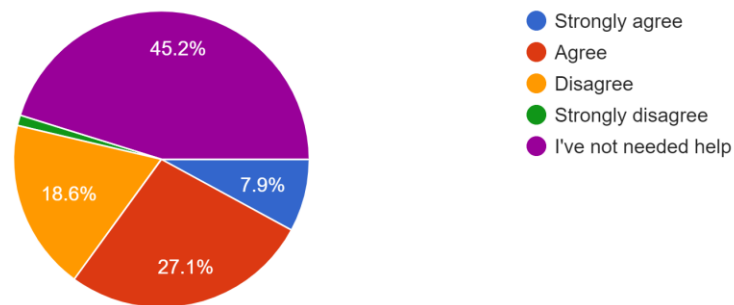

The google classroom work and live sessions follow on from each other, rather than being two standalone things

177 responses

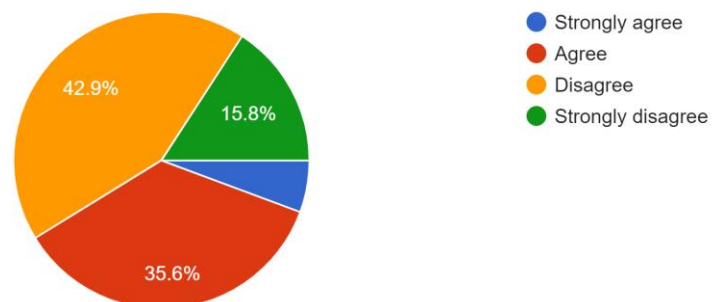

I feel that I get the extra help I need from the school, when the blend of live sessions and google classroom set activities isn't working for me

177 responses

At least some of the weekly remote learning I do can be done without screen time

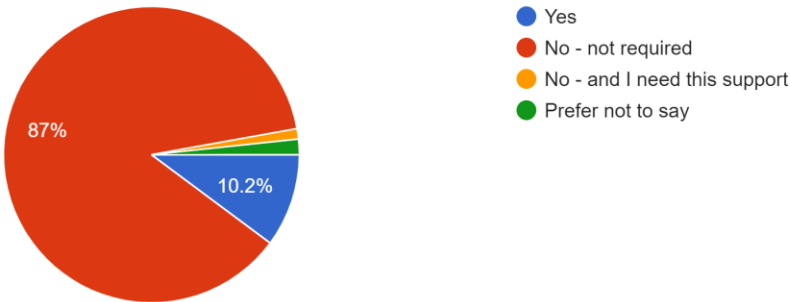

177 responses

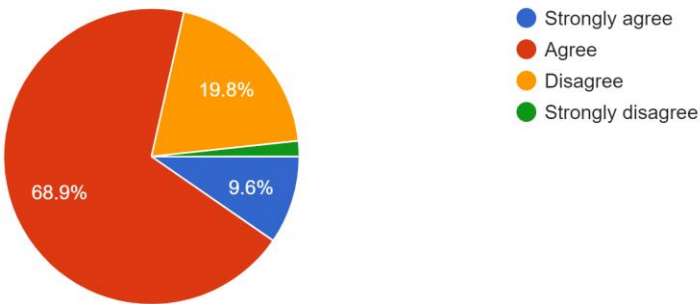

The school has supported me with IT equipment and internet access because I have needed it to participate

177 responses

Overall, the blend of work the school is providing is helping me to learn at home, in my opinion

177 responses

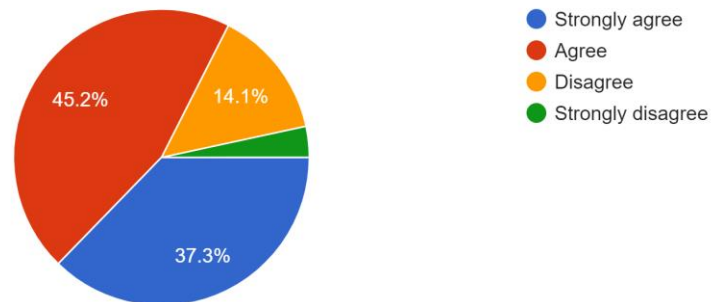

## Questions about the 'live' (zoom) element of the remote teaching

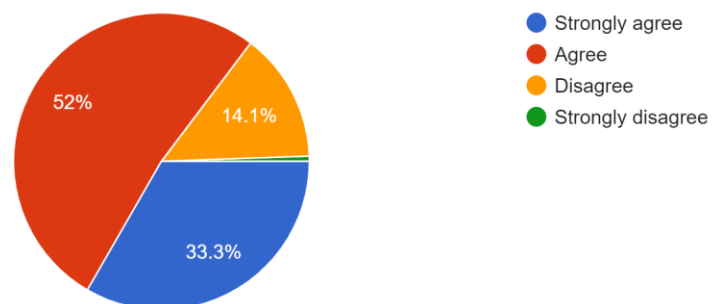

I found it easy to look up my 'zoom timetable' using the Bromcom student portal

177 responses

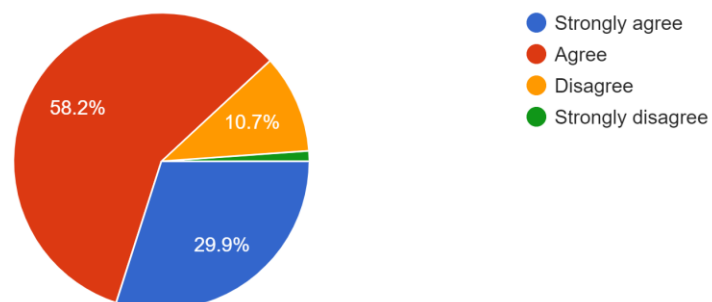

Links to live zoom lessons are easy to find and are placed on the google classrooms well in advance of the lesson.

177 responses

I have found connecting to and participating in live sessions was straightforward, in terms of the technology involved

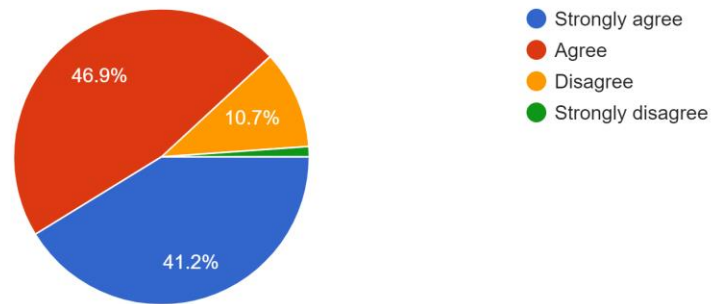

177 responses

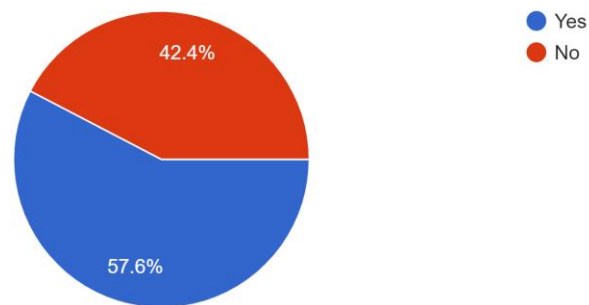

I find live sessions helpful

177 responses

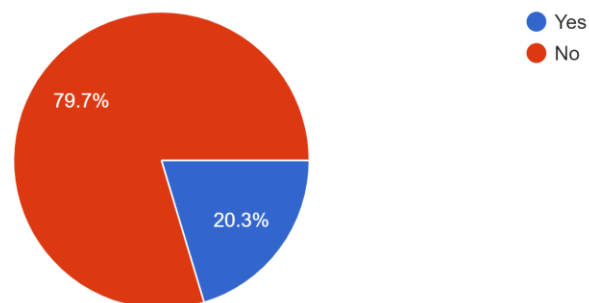

I had made use of the recordings of live sessions, to revisit things I needed to hear again

177 responses

I had made use of the recordings of live sessions, because I struggle to attend all live session and use the recordings to catch up

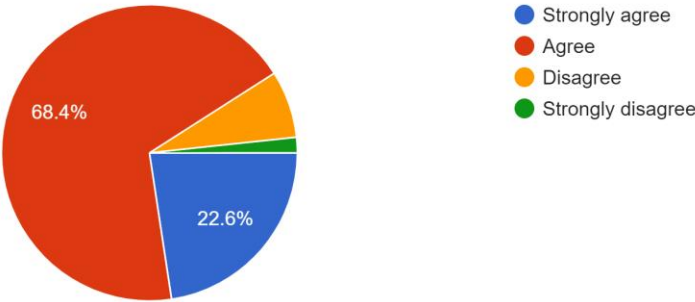

177 responses

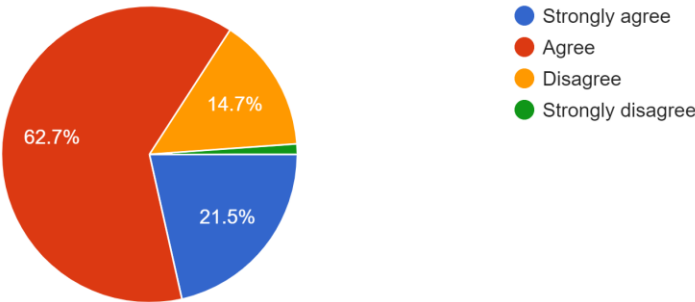

I get to ask questions in live lessons, as and when I need to

177 responses

Live sessions are interactive, with teachers checking that we understand something before moving on

177 responses

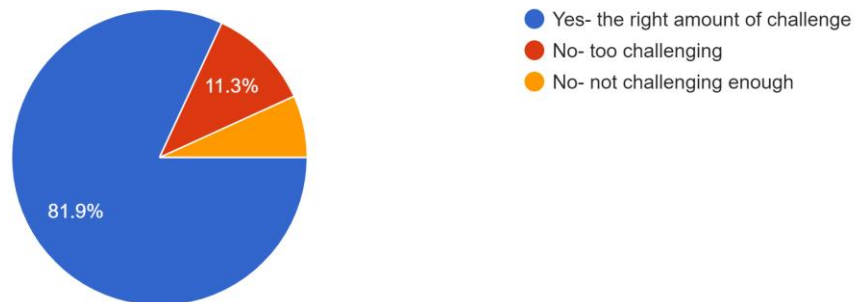

## Questions about the Google classroom element of the remote teaching

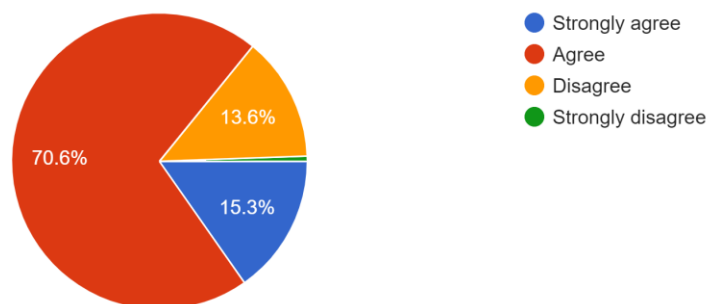

Is the work being set at the right level of challenge?

177 responses

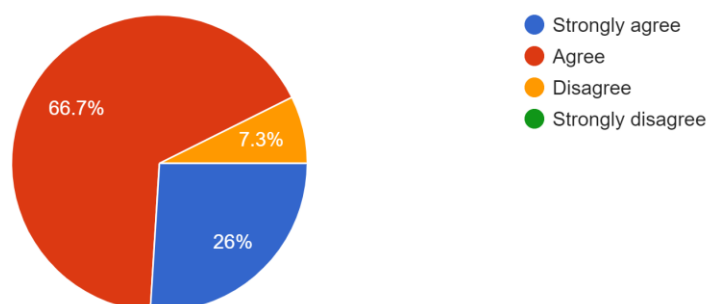

Any new learning via google classroom is effectively explained by my teachers (e.g. using videos, slides or other)

177 responses

I have access to all the files / materials which I need, thanks to what my teacher post into google classroom

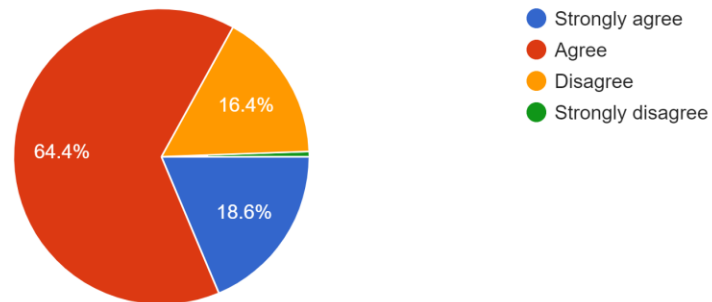

177 responses

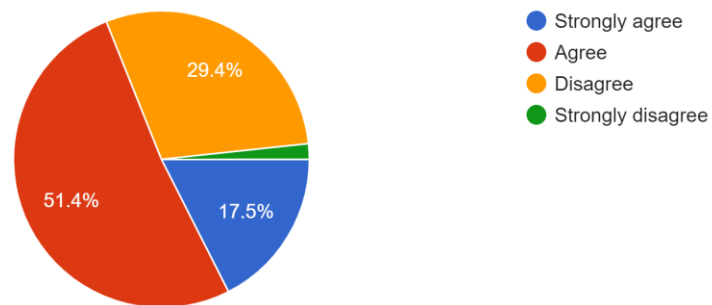

I find it straightforward to find and navigate through the work set, thanks to clear instructions and organisation of google classrooms

177 responses

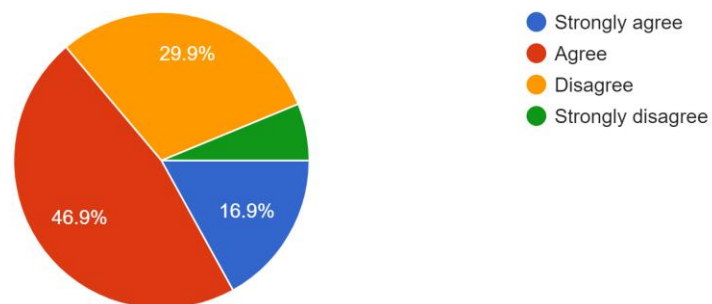

I am provided with mark schemes / answers for all the work set, except for work which to be submitted to my teachers for marking

177 responses

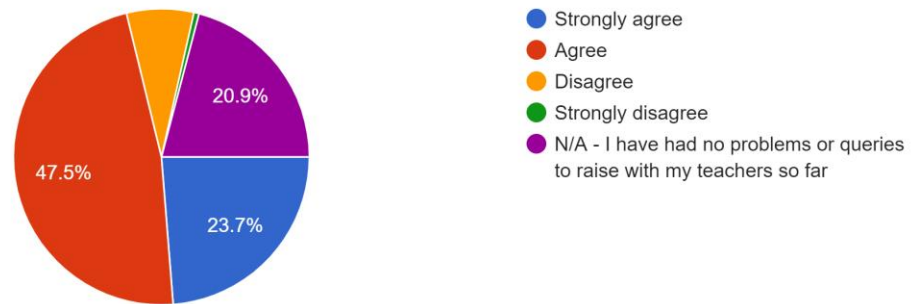

The work set does not require an excessive amount of printing out by me at home

177 responses

My teachers are responsive by email, where I have problems or queries regarding the work set  
177 responses

Overall, the work the school provides via google classroom is helping me to learn at home, in my opinion
