Policy Objectives

- The governors have delegated day-to-day responsibility for lettings to the Head teacher. This policy outlines school guidelines for operation of Lettings at Notre Dame High School.

Statement of Intent

The governing body accepts its responsibility to administer the letting of the school premises, understanding:

- that Notre Dame High School Norwich is committed to fostering high expectations and developing the full potential of each individual that they become compassionate, interdependent, lifelong learners, striving to create a better and more peaceful world. Our priority usage supports this ethos.
- that school premises are a useful resource for the staff in order to support the governor's commitment to staff wellbeing.

Priority usage

The governing body will allow the use of premises in the following order of priority:

- School events, PTFA meetings and events
- Adult Education Programme and Youth Service Programme and Sports Hall Programme including holiday play schemes for children of secondary education age

Conditions of Hire

IT - Where IT network is required hirers may need to attend a short training session before the start of the hire, run by the technician at the site where they will be working, to enable basic operation of the network, e.g. accessing the print queue, loading pre-keyed exercises. This needs to be arranged in advance, as required.

If the system is networked and the network is down, rental will not be charged by the school for that session.

Staff use of school facilities

The school governing body recognises the importance of staff wellbeing and wishes to support the school community with the use of facilities if available. School staff who may wish to hire the facilities for a non-profit making activity (no income involved) that involves the school community only (staff or staff/students) will be offered the facility free of charge (for example, five a side staff football, mindfulness programme). This offer is subject to availability of the premises and the general terms and conditions of the lettings policy.

Use of school facilities by an external agent/company for the benefit of staff

If the facilities are hired by an external agent/company with the purpose of delivering an activity or event for the benefit of the staff (existing and previous) of the school, the facilities are offered free of charge on the condition that only staff/students of the school are attending. This provision is on the understanding that the agent/company offers discounted rates to staff and there is no cost to

the school. This offer is subject to availability of the premises and the general terms and conditions of the lettings policy.

Staff wishing to use the facilities for the operation of other events/activities for which charges are applied and are available to the wider community will be governed by the standard lettings charges detailed on appendix A.
