Notre Dame High School

Internal Assessment Appeals Procedure

2022-2023

THE SCHOOL MISSION STATEMENT

We are a Catholic High School where every person is a valued member of our community, invited to follow Christ's call to a life of Hope, Joy, Love, and Forgiveness.

We are committed to fostering high expectations and developing the full potential of each individual so that they may become compassionate, interdependent, lifelong learners, striving to create a better and more peaceful world.

I have come so that they can have life and have it to the full
(John 10:10)

The aim of the procedure is to enable and support our student candidates to request a review of marking of their non-examined assessment work at GCSE or A Level, their legacy GCSE Controlled Assessment or A Level coursework. To be updated annually.

If you need this document in large print, audio, Braille, alternative format or in a different language please contact the Clerk to the Governors on 01603 611431 and we will do our best to help.

This document is to be reviewed annually to ensure compliance with current JCQ regulations.

Appeals procedure against internal assessment decisions

Notre Dame High School is committed to ensuring:

- that students are aware of the assessment criteria, mark scheme and how both are applied to the awarding of marks in an internal assessment, best practice would ensure that this is known by candidates at the beginning of the internal assessment process which enables them to consider review once marks are awarded.
- that internal assessments are marked and administered fairly, consistently and in accordance with the awarding body specifications and subject-specific associated documents.
- students are informed of their marks (not grades) in good time to allow them to request a review of the centre's marking, before submission of marks to the exam board. They also need to know that their centre marks could change after an internal review and also after external moderation.
- students know that they can request copies of materials (not originals) to assist them in considering whether to request a review.
- in practice, these materials need to be prepared for such an eventuality e.g., copies of their work, mark scheme, specification and any subject specific documents.
- where a number of subject teachers are involved in marking students' work, internal moderation and standardisation will ensure consistency of marking - written evidence must be kept of their moderation.
- in practice, Heads of Department must ensure a minimum of a 2-week window prior to the exam board submission of marks deadline – this will need to be built into the assessment calendar and the date provided to the Exams Manager by March 15th.

This system is supported by:

- subject teachers only teaching and administering such assessment with the necessary and appropriate knowledge, understanding, skills, and training in this activity.
- the exam board subject-specific requirements which are mandatory for HoDs and assessing teacher to use.
- subject teachers authenticating candidates work according to the requirements of the relevant awarding body to ensure academic honesty and so no malpractice.
- a process of internal moderation and standardisation led by nominated staff under the direction of the Head of Department.

the NDHS Exams, Non-Examined Assessment policies 2022-2023 and relevant JCQ guidelines 2022-2023.

To this end, to fulfil JCQ and Exam Board requirements for **2022-2023**:

1. HoDs and teachers will ensure that candidates are informed of their centre assessed marks so that they may request a review of the centre's marking before marks are submitted to the awarding body.
2. HoDs and teachers will inform candidates in good time that they may request copies of materials to assist them in considering whether to request a review of the centre's marking of the assessment – these will be made available promptly. This communication should be made well before the handing out of marks e.g. at least 1 month beforehand.
3. Requests for reviews of marking, to check that the mark is justified, **must** be made in writing using the form IA1 on Page 5. Materials must include directly relevant material e.g. copy of their marked work, relevant specification and mark scheme. The review should be of the mark that has been awarded, confirming whether or not the candidate's mark is in line with the standard set for the other candidates at the centre.
4. NDHS will provide candidates with sufficient time to allow them to review copies of materials and reach a decision.
5. NDHS will allow sufficient time for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline.
6. NDHS will ensure that the review of marking is carried out by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate and has no personal interest in the review.
7. NDHS will instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre.
8. The candidate will be informed in writing of the outcome of the review of the centre's marking.
9. The outcome of the review of the centre's marking will be made known to the Head of Centre and will be logged as a complaint. A written record will be kept and made available to the awarding body upon request. Should the review of the centre's marking bring any irregularity in procedures to light, the awarding body will be informed immediately.
10. After candidates' work has been internally assessed, it is submitted by either 7th or 15th May at the latest, depending on the level and awarding body and is moderated by the awarding body to ensure consistency in marking between centres. The moderation process may lead to mark changes. This process is outside the control of NDHS and is not covered by this procedure.
