

SUBJECT – Business

The HOW of Assessment

For each year within Business GCSE there are 5 units studied. Students will be assessed at the end of each unit with a mixture of formative and summative assessments. When students move in to Year 11, their average percentage grade will be carried forward to Year 11 to track their progress. After each assessment, students will have a feedback and reflection task where they will improve on their mistakes, this is a vital part of the assessment process within the subject.

The WHAT	Assessment
