

Year 8 - 'Cubism Sports Painting'	
Progress Objectives	Student Success Criteria
Develop ideas and outcomes through sustained investigation and drawing	I can create an original, dynamic designs for my final painting through drawings, research and investigations
Develop ideas and outcomes inspired by the style and techniques of artists	My work shows clear development of practical skills through drawings, colour schemes and designs inspired by Robert Delaunay
Explore media creatively and take risks to learn new techniques	I can use tinting and shading, colour mixing. I have used rendering/blending effectively.
Apply media with improved skill to refine ideas and outcomes	Work is well presented and media is controlled carefully to communicate ideas effectively.
Gather and present visual sources and research to inform outcomes	I have completed independent research for an artist study on Robert Delaunay, and used this knowledge to inspire and inform my outcomes.
Record the ideas and intentions behind work and reflect and evaluate on outcomes	The intentions behind my work are clearly explained and the strengths and weaknesses in own and peers work can be evaluated.
Present a creative and personal response that reflects the skills and knowledge gained over the course of the project.	I have created a final painting that shows an effective use of ideas gained from Delaunay's work and careful application of the skills taught.
Make the intentions and meaning behind your outcomes clear and well linked to research and artists.	The intentions and meaning behind my work is clear and can be explained and linked to Delaunay and other research and skills learnt.
