

Year 8 'Pop Art, Food and Me'

Progress Objectives	Student Success Criteria
Develop ideas and outcomes through sustained investigation and drawing	I have developed an original idea through drawings, investigations and research.
Develop ideas and outcomes inspired by the style and techniques of artists	My work shows clear development of practical skills through drawings, portraits, print ideas, colour schemes inspired by Pop Art.
Explore media creatively and take risks to learn new techniques	I have used mark making, hatching and block shading on bottle drawing and portrait to show a range of tones and textures.
Apply media with improved skill to refine ideas and outcomes	My work is well presented and media is controlled carefully to communicate my ideas effectively.
Gather and present visual sources and research to inform outcomes	I have completed independent, well presented research on Pop Art and used this knowledge to inspire and inform my outcomes.
Record the ideas and intentions behind work and reflect and evaluate on outcomes	The intentions behind my work are clearly explained and the strengths and weaknesses in my own & peers work can be evaluated
Present a creative and personal response that reflects the skills and knowledge gained over the course of the project.	I have created final outcomes that show a creative use of the ideas and skills gained from Pop Art, including and a careful application of the skills taught.
Make the intentions and meaning behind your outcomes clear and well linked to research and artists.	The intentions and meaning behind my work is clear and can be explained and linked to Pop Art and other research. There is a clear message behind the work and an original statement about food used.
